How do you qualify to purchase a home with Sandusky County Habitat for Humanity?

Habitat homeownership is based on the **need for housing**, the **ability to repay** a mortgage, and the **willingness to work in partnership** with us.

homeownership program

You may qualify for the Habitat homeownership program if:

- Your current living conditions are substandard, such as a leaking roof, overcrowded, unsafe neighborhood.
- You are currently spending more than 30% of your gross income on rent.
- You have a satisfactory credit history, reasonable debt, and a steady income within 30-80% of the median county income (chart provided to the right for reference).
- You are willing to partner with us and invest 200 sweat equity hours by attending education classes, volunteering on construction of Habitat homes, and participating in other programs.
- You are able to make a down payment to purchase the home. Additionally you will need to pay the first year homeowner's insurance in full just prior to closing on your home.

selection process

Our Homeowner Selection Committee reviews all applications and makes a recommendation to our board of directors, who make a final decision on acceptance within 3-4 months. It may take up to 24 months after acceptance before you purchase a home.
